**AIR QUALITY PLAN APPROVAL -
NOTICE OF CORRECTION**

Dear Mr. Heilman:

Massachusetts Department of Environmental Protection ("MassDEP") issued a written 310 CMR 7.02 Air Quality Plan Approval to your corporation, Bird Inc., dba CertainTeed ("CertainTeed") on October 14, 2015. This Plan Approval (No. SE-15-022) governs the use of an existing water repellent material at your manufacturing facility located at 1064 and 1077 Pleasant Street, in Norwood, Massachusetts ("Facility"). The two locations have been determined to be on contiguous property and under common control.

On Page 2 of Plan Approval No. SE-15-022 dated October 14, 2015, it was incorrectly stated that MassDEP has accepted delegation of authority for all three Subparts the Facility is subject to. Pursuant to General Condition 5.I. contained in Plan Approval No. SE-15-022, MassDEP now correctly states that at this time, MassDEP has accepted delegation of authority for Title 40 Code of Federal Regulation (CFR) Part 60 Subpart UU - Asphalt Processing and Asphalt Roofing Manufacture, but not for 40 CFR Part 63 Subpart AAAAAAA - Asphalt Processing and Asphalt Roofing Manufacturing, and 40 CFR Part 60 Subpart OOO – Nonmetallic Mineral Processing Plants. As MassDEP has not accepted delegation of authority for these last two Subparts, you are advised to consult with the US Environmental Protection Agency (EPA), Region 1 – New England, regarding the applicability of these Subparts to your Facility, including notification, recordkeeping, reporting, monitoring, and testing requirements for which you may be subject. Questions concerning this matter should be directed to the EPA Region 1 at 5 Post Office Square, Suite 100, Boston, MA 02109-3912.

Enclosed is a copy of the Approval No. SE-15-022, with a corrected date of November 6, 2015, which reflects the corrected delegation of authority now described on pages 2 and 3. Please be advised that the starting date of all terms, conditions, requirements, notes, limits, and provisos established in the Plan Approval shall remain as October 14, 2015.

Should you have any questions concerning this correction, please contact Dan Kamieniecki by telephone at 508-946-2717 or in writing at the letterhead address.

*This final document copy is being provided to you electronically by the
Department of Environmental Protection. A signed copy of this document
is on file at the DEP office listed on the letterhead.*
